Offer Deadline

The Center for Energy Commerce has set forth the following policy regarding offers: Employers may NOT require students to accept, or decline offers prior to October 14, even if offers are extended before that date, after a formal interview. Students have the option to accept or decline an offer prior to October 14, if they choose to do so. If an employer wants a decision prior to the October 14 date, they must offer a bonus, but also must allow an offer to remain open without bonus until October 14. Example: Offer plus \$3,000 bonus is due October 8th. Offer without bonus is due October 14th.

Companies that do not follow these rules will be ineligible to participate in future Meet the Industry events.
