Offer Deadline

The Center for Energy Commerce has set October 25th as the first day employers may require students to accept or decline offers that have been given. Employers may extend internship offers before October 25th, however, we expect students to not be required to make a decision until the October 25th decision date. Students may accept or decline before this date if they so choose. **PLEASE NOTE: An offer with a bonus deadline before October 25th is allowed as long as the offer without the bonus remains open through October 25th. Example: Offer plus \$3,000 bonus is due October 11th. Offer without bonus is due October 25th.**

If you do not follow this rule you will be removed from future Meet the Industry invitations and events.
